

Cancellation policy for the Ukon™ DD auto-ship program

You sign up for the Ukon auto-ship program for a duration of at least one year, which includes shipments and corresponding payments at least every 4 months. Consequently at least 3 shipments will be carried out. Termination will only be accepted after the aforementioned time period.

After the first year, you may cancel the auto-ship program in writing (letter, fax or email) with a 7-day notice period before the end of the contract. In this case, you will keep your ID and your downline after the termination, but will no longer receive any commission for Ukon sales in your downline.

If the contract is not terminated, it will automatically be extended for another 4 months. It can then be terminated again with a 7-day notice until the end of the contract period in writing (letter, fax or email) .

If the cancellation is not made in due time, it can only be effective as of the next possible date.
